This tax season, don't let your company miss out on the opportunity to increase your bottom line while building your customer base. With eTax as your partner, you will be able to attract more customers with a variety of tax preparation options, keeping your company competitive with other businesses in your industry!

## About eTax

eTax has years of experience in the industry, originating in 1988. The concept is simple; eTax provides a turnkey solution for an existing business to offer tax services without affecting their core business.

## The e Tax Difference

e Tax is the only “direct to business” tax preparer that provides all of the following benefits:

- Actual tax preparation provided by eTax offering you a “Tax Firewall”.
- The eTax platform is entirely web-based. Data entry is short and simple.
- eTax offers your locations dedicated “instant” customer support by an eTax Professional.

## Benefits of using eTax

- Increase value to your customer by offering a service that 95% of them currently utilize. Why let H&R Block and Jackson Hewitt make money off your customer.
- Tax preparation cheaper and faster for your customers, Federal returns starting out at just \$59.
- eTax has developed the easiest system to earn huge revenue in a short period of time. Prepare returns in under 10 minutes, making over \$100 each, utilizing only a location's existing customer base.
- eTax's web-based tax interview application is extremely user friendly and easy to use, requiring no tax knowledge.
- Through eTax, the taxpayer will receive a professionally prepared federal and state tax return. In addition to an easy return, the taxpayer may choose to receive their full refund within 24 hours or a portion of it instantly.

- eTax does the work for you by handling setup with the IRS and bank, training your locations and even offering year-round support with our live help.
- No software to buy or download, all you need is an internet connection!
- We provide all marketing material (banners, posters etc) free of charge and check stock will arrive in December.
- Increase first quarter revenue.
- Attract new customers and increase customer loyalty with existing customers.
- Allows you to maintain focus on your “core” business through the efficiency of the eTax system.
- Collect on past due accounts
- Customer can use refund to purchase more products from your business.
